An overflow crowd of 3,000, which was beyond the expected top estimates of 2,500 left little doubt of public interest in the improvements, said J. P. Jones. president of the Choctawhatchee - Pea River Improvement Association, who expressed thanks to all attending.

Mayor Herschel Taylor headed a delegation from Elba which included T. P. Miles, Jackson W. Stokes, L. B. Murphree, I. Dorman, Representative Drexel Cook and T. M. Stroud.

Senator Lister Hill and Congressman George Andrews and George Grant of Alabama and Congressman Robert F. Sikes of Florida were among 65 people who spoke in behalf of the survey. The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a trong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Here's a present for Aunt Susie and Uncle Bill, for Cousin Kate and old Mrs. Higgins. But is there a present for God?

Foolish, you say? How could one possibly give God a Christmas present? Well, you can't give Him a package tied in bright paper and shining ribbon. But you can present to Him the gift of remembrance.

During your busy holiday season, stop for a moment to take stock of your life. Ask yourself what is really important about the Christmas season-and you'll know that He is.

Pause, even when you're rushed, to say a little prayer to Him. Christmas, after all, is His birthday. Can you do less than remember

State Fire Marshal J. V. Kitchens has charged that a 1955 Legislative Act permitting the sale of sparklers, under certain restrictions, is being violated, and that Alabama is being flooded with fireworks, (mainly) bootlegged from adjoining states."
